

Patty Mathews

**Executive Board
Alternative Site Representative**

I am Patty Mathews, Librarian/Media Specialist at New Beginnings and a candidate for re-election for the office of Alternative Site School Representative. I am asking for your vote in the upcoming election.

I am also the Association Representative for New Beginnings Education Center.

I believe that clear and concise communication to inform members of ongoing issues is my strong suit. In my first year, I kept colleagues informed about updates in education through regular communication channels, advocated for the needs and concerns of teachers working in alternative sites, and fostered a culture of collaboration and empowerment, where every voice is heard and valued.

Together, I will work with you to protect your rights and provide an open forum for your concerns. I strive for a brighter future for teachers and ESPs where we are respected and valued.

Thank you for your consideration. Let's make positive changes happen together.
