

## **Zahira G. Pena-Andino**

**NEA Representative Assembly (Local)**

We need passionate people who want the public education system to become more effective for children and educators. I am a 23-year educator and member of OCEA. Currently, I serve as Executive Board Representative for Elementary-West, and part of the Bargaining team. I believe we can accomplish greatness when we work as a team. Children and educators deserve proper representation locally, state-wide and nationally.
